

# Pixo Zoom

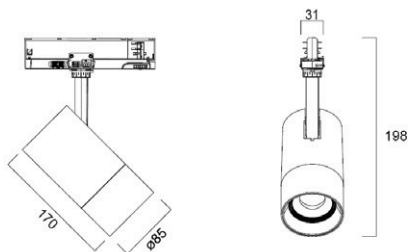

## Features

- Simple and slick integral design with no driver box and without any visible screws
- Improved thermal resistance with in-track driver
- Adjustable beam angle between 17° - 60° degree
- High colour consistency, SDCM≤3 LED source (at 2700K, 4000K)
- 3CCT change: 2700K – 3000K – 4000K switch on the adaptor for multipower and on-board dimming versions, CCT changeable from DALI system for DALI version (tunable white between 2700K - 4000K)
- Lumen output up to 2200lm
- Efficacy up to 92lm/w (on-board dimming version)
- High colour rendering index, CRI>90
