- As the door opens the light is activated. On shutting the door the lights are turned off.
- 240V Input. Can be used with low voltage products if wired before the LED driver.
- Detection range of 100mm

Product Codes	
S-MINI-DS	240v Infra Red door switch - Black Miniature sensor head
S-MINI-DS-DUO	240v Infra Red door switch - 2 x Black Miniature sensor head

Technical Specification	
Voltage	110-240V
Max Load	250W
Sensor	Infrared
Recommended Detection Range	100mm
Class	II
IP Rating	IP20
Cut Out	Dia 8mm
Sensor Dimensions	Dia 10mm x 13mm length
Control Box Dimensions	76mm x 35mm x 19mm
