THE DECOLUME STRIP LIGHT RANGE INDOOR

NEW

Decolume Strip Light is a low voltage product that is safe to install in the smallest of spaces. It creates a professionally designed look and yet is bright enough to be seen from a distance. It is attractive, flexible and simple to install. Its innovative bulb sockets allow for the use of festoon lamps, xenon lamps and halogen dichroic lamps. The interchangeable lamps can be used easily to create unlimited decorative illumination effects. Its flexible nature allows it to fit curved profiles as well as straight runs. It can be cut to any length and has independent bulb operation, meaning that if a bulb burns out no other bulb is affected.

Easy to install lamp

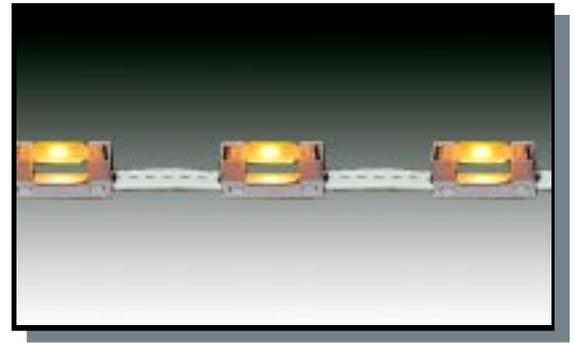

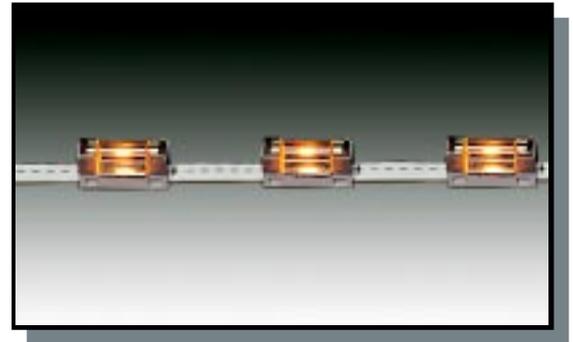

Festoon lamp

Special lamp base for MR11

Special Features

- ★ Flexible material creates versatile elegant lighting effects.
- ★ Available in both 12v (max length 3m) and 24v (max length 4m).
- ★ Easy to install and labour saving.
- ★ Can be dimmed.
- ★ Able to use festoon lamps, xenon lamps and halogen dichroic lamps.
- ★ No effect on other lights when one bulb is burnt out.
