The MR16 LED 7W & Driver lamp is an LED lamp that allows your halogen light fitting to have the low energy and long life benefits of an LED fitting; it simply retrofits into existing halogen fixtures. Included with the lamp is a 7W dimmable LED driver.

The MR16 LED 7W Lamp is equivalent to a 50W GU10 halogen lamp and, like a halogen lamp, is dimmable. It lasts for 25,000 hours and consumes just 7W.

The MR16 LED 7W Lamp is fully dimmable with all leading edge dimmers, it is not recommended for trailing edge dimmers.

## Key Features

- Complies with October 2010 Part L regulations
- Fully dimmable with leading edge dimmers
- Equivalent to 50W GU10
- Lifetime of 25,000
- Fits MR16 lampholder
