Wise Contract Dimmers

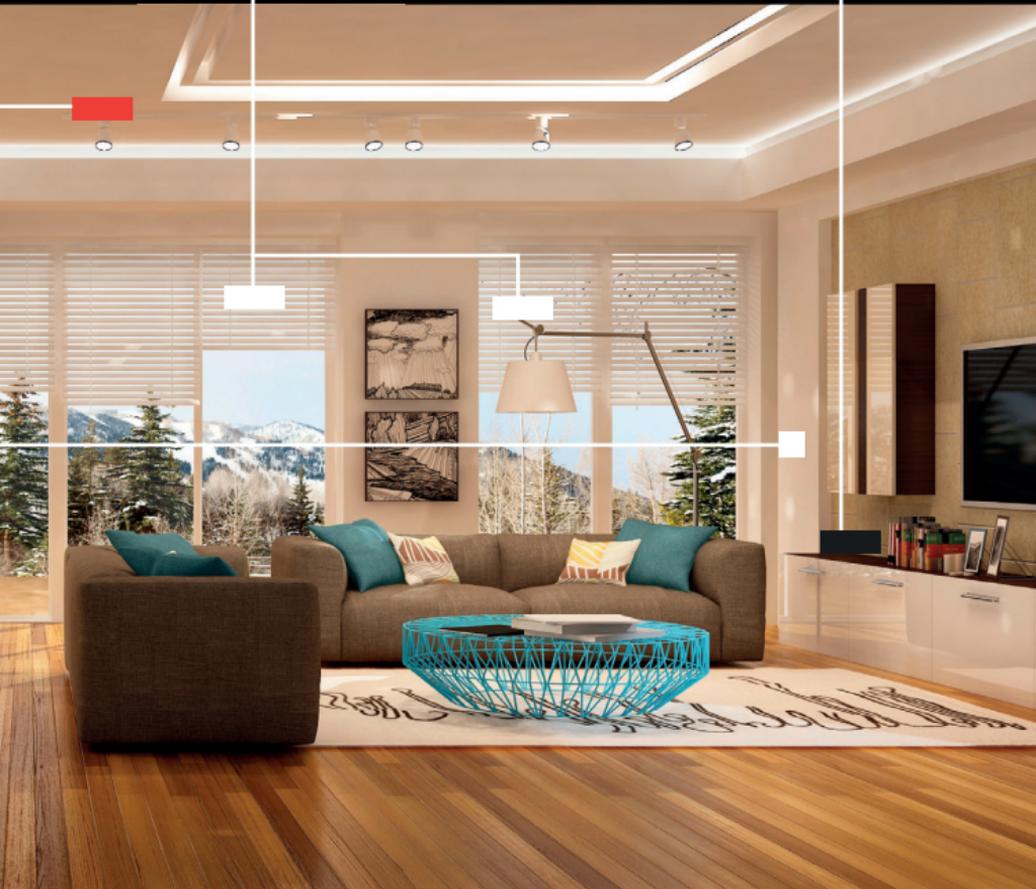

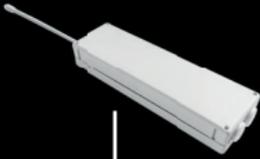

Contract System

The Wireless Lighting Scene Control System, using wireless, keypads, your phone or smart speaker.

Wise Daisy Hub

Wise Blind Receivers

- Program with or without wifi hub.
- Combine with Wise Daisy to control with your phone and smart speaker.
- Affordable solution to lighting automation.
- Easy to install and program.

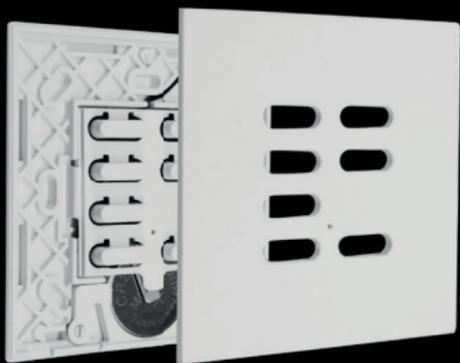

Place Controls Anywhere

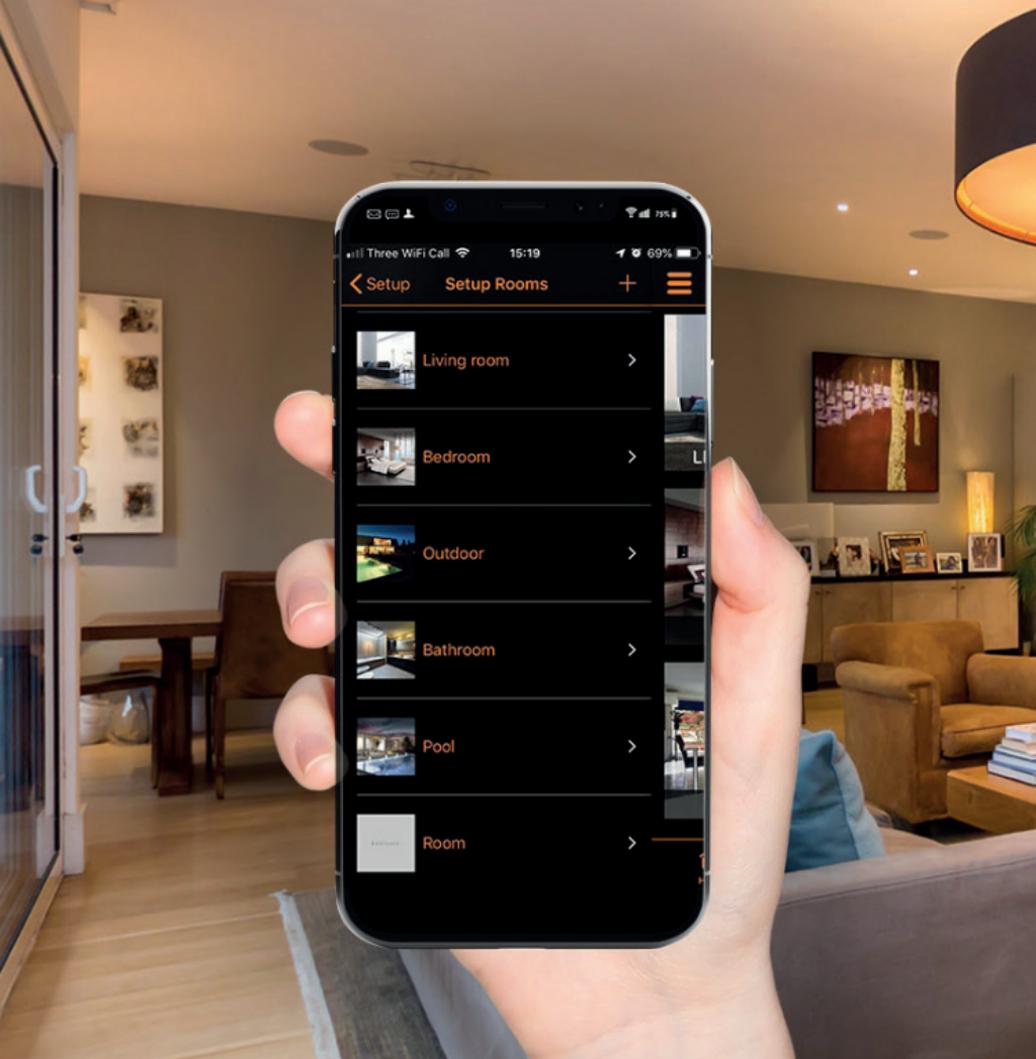

Wireless Keypads can be placed wherever, in your home, without requiring cutting holes.

Keypads can be wall mounted or free standing

Plates can be easily replaced, with whatever plate finish you like.

Compatible with Wifi Daisy Hub

Contract dimmers can be programmed using the Wise Daisy Hub to enable smart lighting control, using our App.

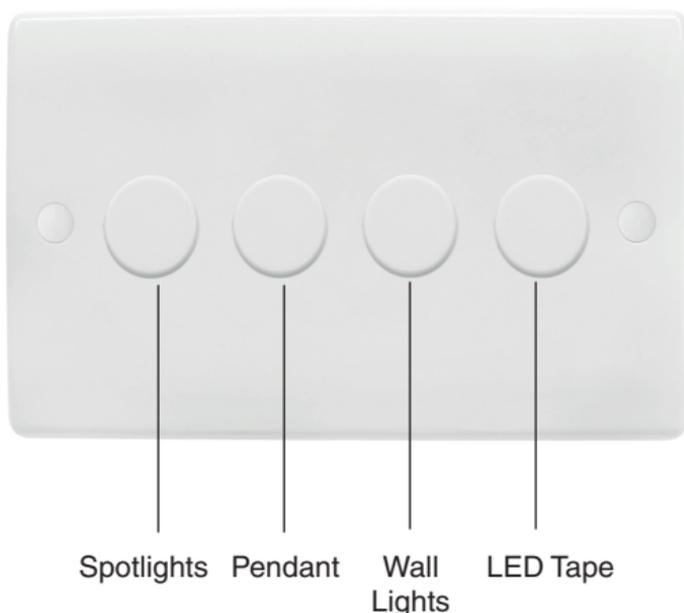

The Wise Daisy works with smart home solutions from other brands, to enable control using smart speakers.

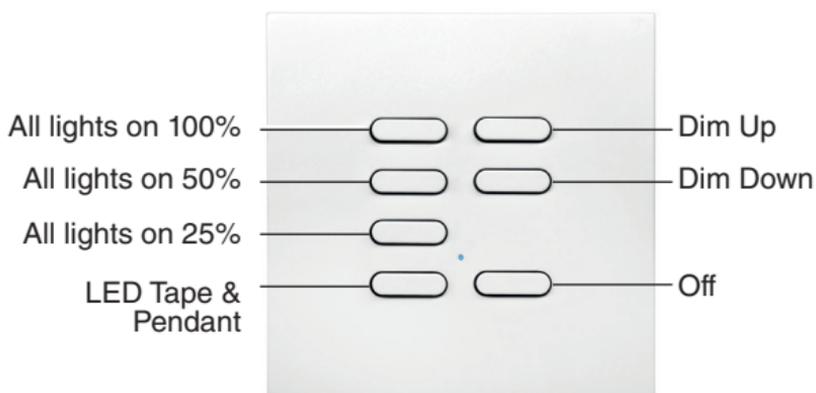

Wise Keypads

Create Lighting Scenes easily with Wise Contract. Dim all your lighting circuits at once.

Standard Dimmer Example

Wise Keypad Example
